

# Be Strong Families Partner Café

You are cordially invited to the  
Be Strong Families - Partner Cafe

Cafes are a cost effective, powerful way to engage parents, support their strengths and encourage connections to other community programs. Attend this Partner Café to experience first-hand how the Café approach can be used to 1) engage families, 2) enhance parent leadership, 3) complement parent education, 4) build awareness of the Strengthening Families Protective Factors, and 5) enhance positive relationships between service providers systems and families.
