40 Assets Tip – Asset #4 Caring neighborhood

Young person experiences caring neighbors. The holiday season is the ideal time for parents to help their children get to know their neighbors. With your children, help a neighbor with chores, raking; make & deliver a homemade casserole or cookies; make colorful cards and personally hand out; host a neighborhood potluck with your children having major roles; offer decorating help to the ill or elderly nearby; feed their pets. As neighbors get to know you and your responsible, helpful children, they will become the caring neighbors your children (and you) need.
