Cyber Safety and Strengthening the Parent Child Relationship

Tuesday
May 23rd

Key Note Presentation:

Officer Zack LaFerriere, Grass Valley Police Department

Officer Zack LaFerriere is an informative youth-focused Police Officer with the Grass Valley Police Department who has a passion for positively impacting the children of Nevada County. He is also the Director of the GREAT Summer Youth Academy, Organizational Ex-celence Committee member and is dedicated to empowering parents with youth trends, information and local resources. His years of experience investigating online crimes along with his experience as a former School Resource Officer makes him a valuable speaker for this Cyber Safety Workshop.

Joanna Jullien, Founder & CEO at Core Connectivity– A Foundation to Empower Families

Joanna Jullien is the founder of Core Connectivity, a non-profit education center founded in Roseville, CA to strengthen the parent-child bond in a hyper-connected world. Trained at U.C. Berkeley in behavioral science, Joanna has authored four books on governing the cyber-powered home, including the core training curriculum, Fresh Start Family Culture Builder for Household Executives. She publishes regularly on the Core Connectivity website and teaches as a family and technology culture advisor.
