

2019 Community Forum Invitation

Calling all Community Leaders and Stakeholders:

Your input is vital... We are inviting you to join our 2019 Community Forum. The personal insights and perspectives you share on child welfare, probation, education, and mental/behavioral health will help shape our collective story as we develop a comprehensive Community Needs Assessment. Your input will guide our strategic plan and programmatic priorities over the next three years. The objective of the Community Forum is also to gain a better understanding of what you believe is critically important in the delivery of services to children and families, as we seek to become a stronger partner.
